TECHNOLOGY INNOVATIONS FUND
QUARTERLY PROJECT STATUS SUMMARY

April 4, 2003

For each quarter, beginning March 2002, E-Mail the following status information to the Council Chairman at this address.

Department/Agency: Comprehensive Public Training Program
Name of Project: Implementation of Statewide Learning Management System
LTIF Log No.:   02-013
Project Coordinator: Sam Breen, CPTP Administrator

Project Status:
  Date: 04/04/03
  Percent Complete: 90

  Explanation[1]:

Tasks completed:

Define the Student Center (Web client) – Customize screens for students to register for classes; define processes for each screen; design test plan; test; document; obtain client signoff

Develop Web interface to LMS – Build separate table structures; insert image backgrounds, text, table structures; produce HTML; perform tests and edits; document; obtain client approval of look and feel

Create import process for Civil Service and NETg data – Create import definition; verify input file format; coach State technical staff on import definition creation; perform data validation and functional testing (complete for Civil Service); obtain user sign-off

Classes conducted – LMS Fundamentals (for training coordinators), System Manager (for CPTP and OIS)

Product acceptance testing – Facilitated by Pathlore, conducted by Karen Puckett

Deployment phase (move to production environment) – Install production servers; move copy of database from test to production; sync Xbase Registrar with production database; execute go-live plan

---
